VISA situation changed!

- Under the Act on the General Rules for the Entry and Right of Residence of Third-Country Nationals, no applications for a residence permit or for an interim/a national/an EU residence card may be submitted between **1st January 2024 and 29th February 2024**.
- No application can be submitted between January 1 and February 29, the whole application procedure is suspended. Those who submitted their application by December 31, but a decision has not yet been made, will only have their application evaluated after February 29.
- The validity period of residence permits expiring between January 1 and February 29 is automatically extended until April 30, but no official certificate or temporary permit will be issued about it, therefore students with expired but still valid permits are not recommended to leave Hungary during this period, as they won't be able to travel back.
