## MA IN ENGLISH

### HOST SCHOOL

The School of English and American Studies (SEAS)

### GENERAL INFORMATION ABOUT THE MA PROGRAMME IN ENGLISH

English is the *lingua franca*, the most important language for communication in the globalised 21<sup>st</sup> century. It is a fact of life that everywhere experts are needed who not only speak English correctly, but who are also familiar with the societies and cultures of those countries where English is the first language.

Experience has shown that an extraordinarily large number of employers seek experts with not merely an excellent command of the language, but also with the ability to make good use of their knowledge of the English-speaking world. The transmission of such cultural knowledge is the foundation of the MA course in English.

Experience has also shown that, among others, MA-bearing English language and culture experts are sought in the following fields:

- the world of business
- the media
- the translation of books and periodicals
- diplomacy
- international relations institutes and think-tanks
- tourism
- agencies responsible for grant applications
- local government offices
- the arts

The MA in English consists of the study of English Language, Linguistics, and Literature. Within this broad programme of study, there are courses which a student must register for and attend as part of his or her degree programme. There are also specialisation tracks which give the student

the opportunity to pursue his or her own, independent, in-depth research.

A select few of the students graduating with an MA will have the opportunity to pursue PhD studies in English Linguistics or Literature either in Hungary or abroad. With a view toward preparing students to be future researchers, the MA in English allows students to take courses in a wide variety of areas. A selection of those areas includes courses such as the following:

- Linguistics
- English Applied Linguistics
- Literature
- Culture and interculturality
- English Literature by Periods
- Film and Visual Culture
- Significant Authors and Artists in British Culture
- Postcolonial Literature

<http://www.btk.elte.hu>

- From the academic year 2020/21, the thesis has to be submitted electronically, via Neptun. The thesis needs to be prepared and uploaded in an electronic format (PDF, Word or zip). You can upload only 1 document/file to Neptun (including all attachments).
- While uploading it, the student needs to declare in Neptun that the thesis is their own intellectual product.
- Please take [the university's regulations regarding plagiarism-checking](#) into consideration.
- From September 2021, the supervisor's consent is needed for uploading the thesis in all study programmes. For the approval, click on the button 'Thesis admission request' (in Neptun under Studies > Degree Thesis/Thesis application).

## **PREREQUISITES FOR THE FINAL EXAMINATION**

The aim of the final examination is to examine and assess whether the student has been able to acquire and apply all the necessary knowledge, skills, and abilities required for the MA degree.

The prerequisites for the final examination are:

- (i) The Student is in possession of the final certificate (“abszolutórium” in Hungarian): the final certificate confirms that the student has completed all the required study units and related general academic obligations as specified in the Study Unit List (except for the thesis, the required language proficiency examination, and the final examination), and has collected all credit points specified in the qualification requirements, except for those to be obtained for the thesis. The final certificate is to be issued in the semester in which the student has met all the requirements for the final certificate.
- (ii) The student has no outstanding financial obligations (such as e.g. an unpaid tuition fee or any other type of unpaid fee) and the student has returned all University property (see form on website: <https://btk.elte.hu/graduation-information>). The Student has submitted a thesis in time and the thesis has been awarded a pass mark.

Note: You must complete ALL the prerequisites at least 3 days before the final examination (there can be no examinations left for after the final examination).

## **DEGREE CERTIFICATE**

The degree certificate states the *weighted* average of the grade received on the Final Examination (A) and the grade for the thesis (B) according to the following formula:  $(A*0,45) + (B*0,55)$ .

According to Section 84 (6) of Academic Regulations, (HKR) the diploma is classified according to its average down to two decimals:

- outstanding (5), if the average is 5.00
- excellent (5), if the average is 4.51–4.99
- good (4), if the average is 3.51–4.50
- satisfactory (3), if the average is 2.51–3.50
- pass (2), if the average is 2.00–2.50
