SEMINARS

- practical classes take place in small-sized groups of 10-15 students.
- Attendance is *obligatory and checked*. A seminar means continuous assessment throughout the semester (this involves a mid term and an end term test, handing in homework assignments on a regular basis, or meeting any other requirements specified in the course syllabus).
- The grade awarded for a seminar will be a reflection of the quality and quantity of your work throughout the semester, so a seminar does not usually involve an exam.
- *This is why your grade will usually become available at the very end of the study period or the very beginning of the exam period.*

LECTURES

- attendance is generally not checked.
- If your instructor makes attendance obligatory, it will be checked and it will be a prerequisite (stated in the course syllabus) for taking the exam.
- There is generally no continuous assessment of your work throughout the semester, so you will have to take an exam in the exam period.
- *There are NO exams in the study period.*
- Check the absence policy of SEAS [here](#).

SEAS Library

This is how admission is done:

STEP 1: download [form, fill it in and read it through carefully](#)

STEP 2: bring along your **Student Guest Application** form (make sure it is properly filled in stating all the codes and course titles, and signed by your professors)

STEP 3: go to the library @Múzeum krt. 6-8. (courtyard)

STEP 4: enjoy your books

STEP 5: at the end of your studies take the books back to the library and have the **library clearance form**(top section of form mentioned in STEP 1) signed by a librarian

STEP 6: make sure to present your library clearance form to your international Advisor/Coordinator

The background features abstract, overlapping geometric shapes in various shades of blue, ranging from light sky blue to deep navy blue. These shapes are primarily located on the right side of the frame, creating a modern, layered effect.
