Orientation Week

Keeping your stay legal

*National Directorate-General for Aliens Policing - OIF
(Immigration and Asylum Office earlier)*

Registration is a must

If you are not required to have a student visa for entering Hungary (Japan, Korea), you must initiate registration as soon as you can at <https://enterhungary.gov.hu/eh/?en>

This is a procedure you must complete yourself. This is how you will obtain your residence permit.

Keeping your stay legal

- **Keep your active student status**
- **Keep us informed at all times about changes**
- **Report all emergencies affecting your status**
- **Request information from us if you have any doubts or questions**

Keeping your stay legal: active vs. passive status

- By registering in person you have obtained your active student status
- In case you need to leave Hungary temporarily (due to a medical emergency in your home country), it is your duty to inform us about your departure
- It is absolutely forbidden to have active status while you do not attend your classes. Students who are active and do not attend classes will be reported to the relevant authorities and there is no refunding of your tuition fees

Picking up your residence permit:

Quaestura Students' Services:

<https://qter.elte.hu/default.aspx>

You will be notified by email by the above office

Student ID (aka Student card)

Where?

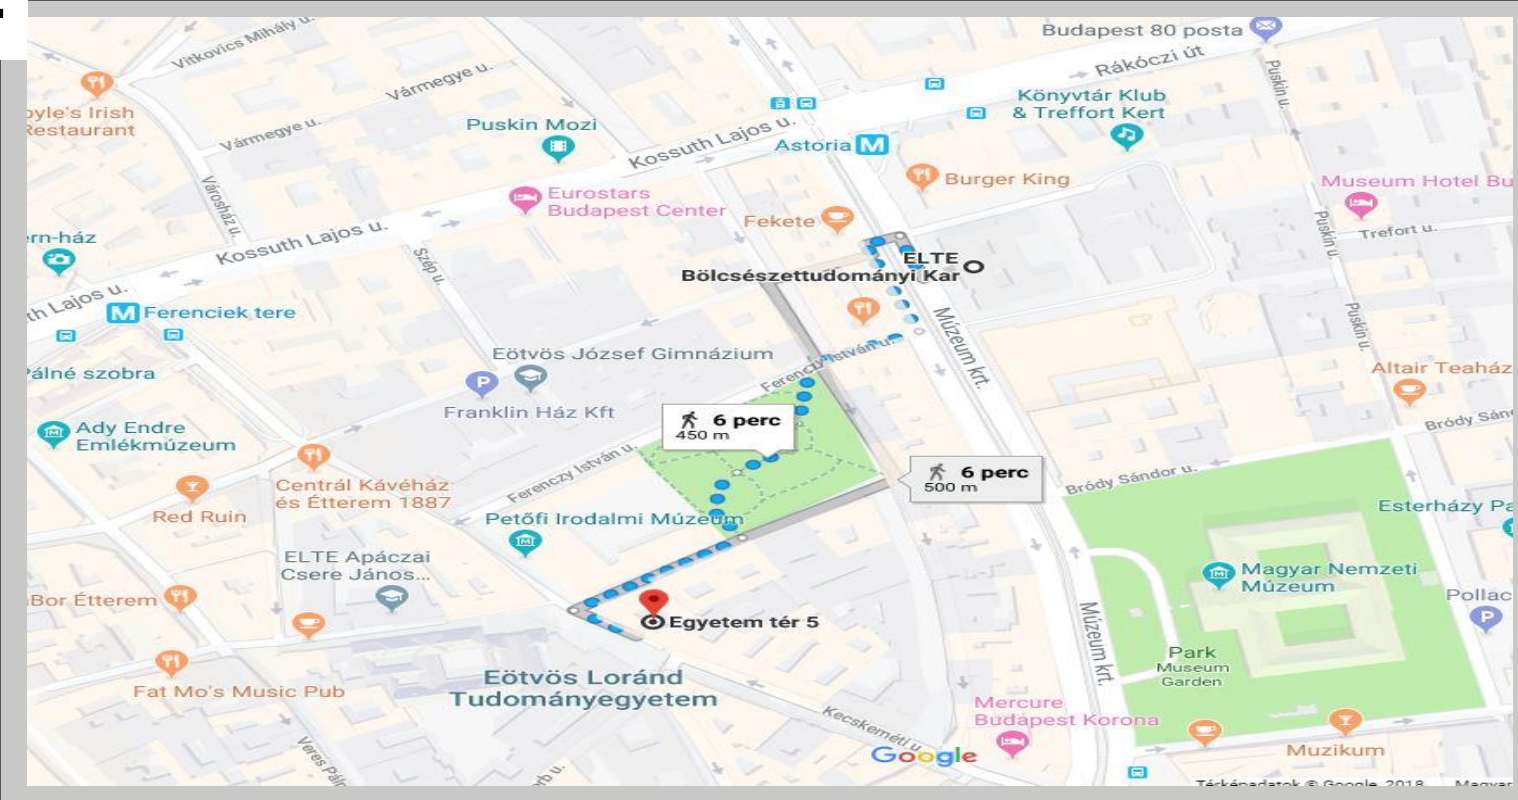

Quaestura Office Services (not the Faculty), see for details at <https://qter.elte.hu/>

What do they do? They issue

- Certificate of Student Status (active/passive)
- Student ID/Card (*NOTE: do not ask for your student ID from us, we do not issue them*)
- Health Insurance

Student ID

Students staying for shorter than 12 months

- Temporary Student ID paper (not a plastic card)
- Issued by Quaestura (central students' services office)
- Show identification
- Know your Neptun Code and password
- DO NOT forget: the ID is valid for up 60 days, must renew it regularly (for end date check point 6 on the paper card)

Student ID/Card Is Good For What? Discounted transportation in Budapest

Points to remember:

- ALWAYS carry your student ID with you + your monthly pass
- Monthly discounted pass: 3450 HUF
- Your student ID card number is necessary for the pass to be valid
- <https://bkk.hu/en/tickets-and-passes/>

Available from around the 3rd week of Sep

Further Points to Remember

- You must have a validated (punched/time stamped) ticket or a valid monthly pass on the vehicles (DO NOT get on vehicles without this)
- BKK officials are authorized to check the validity of your ticket or pass any time during or after your trip
- Passengers without valid ticket or pass are to pay a heavy fine

- If you do not yet have your student ID, buy a full price monthly pass (8950 HUF) for a month, after that use your student ID
- Budapest Transport Services (BKK) exchanges it for a student pass when you have the Student ID paper

Course registration period

In the foundation programme, DIA enters your courses into NEPTUN

Why?

- There is no cherry picking, you must take (and hopefully pass) ALL your subjects and
- Which course you attend depends on your level of language proficiency and
- Some of you may arrive after the course registration period ends and NEPTUN shuts down

Exams

We will register your term exams for
you.
This will happen in Dec/Jan...

Academic Regulations / Absence Policy

ELTE

FACULTY OF
HUMANITIES

Orientation Week

Academic Regulation #0: your reason for being at the University

- You are here to study in an academic programme, not miss classes, be chronically late for classes, work full time, work when you are supposed to be in class, etc.
- The Foundation Programme is a 'package', all courses must be taken together, there is NO picking and choosing

Academic Regulation #1: Getting Grades for Your Courses

- by the end of semester (end of January) you must have at least 1 completed subject (with a grade better than 1 'fail')
- in case you do not, an official letter will be sent out calling you before a committee to explain your results
- if you do not respond to this, we will contact the authorities

Academic Regulation #2: Reporting Absences

you are here to complete your programme (= study), not miss classes, so

- inform your teacher in advance of any absences, providing an acceptable reason
- if your absence is caused by an emergency, you should contact your teacher afterwards, providing an acceptable reason
- contacting your teachers in advance (or later) does not mean you are exempted

Academic Regulation #3: Absence Policy

(based on University Regulations adapted to the foundation programme, read in full: <https://btk.elte.hu/en/content/absence-policy-for-the-foundation-programmes.t.4220?m=305>, a copy of which you will sign in acceptance of its content)

- if you miss more than 30% of your classes in one subject within a period of 4 weeks, you will not get a grade and you will not receive any credit for any of your courses.
 - Consequences:
 - we will turn your status **passive**
 - we will forward your case to the **National Directorate-General for Aliens Policing**: your residence permit is issued for education
- if you miss your classes in one or more subjects for 2 weeks in a row, an official letter will be sent out calling you before a committee to explain your absence from classes; if you come and explain the cause of your absences you might get a chance to stay active but you cannot miss any more classes. If you do not respond,
 - we will **forward** your case to the **National Directorate-General for Aliens Policing**: your residence permit is issued for education

Academic Regulation #4: Failed Subjects, Retakes

If you fail a subject in the 1st semester, can you retake it in the 2nd semester?

No. Why?

Because they are not given in the 2nd semester

Consequences of your absences (summary)

- Your status will be **passive**
 - All your courses will be deleted from neptun
 - There will be no classes, no grades, no credits
 - There will be no exams
- There is no refund of your tuition fee at all
- We will have to **forward your name to the Immigration Office** (after this you may find it difficult to renew your residence permit in case you stay in Hungary, even if you have been admitted to another university)

Academic Grading system

Five-point scale:

- An excellent (5) grade is assigned to the student who thoroughly knows the entire subject matter in all of its inherent relationships and is able to independently apply his/her knowledge with absolute certainty;
- A good (4) grade is assigned to the student who thoroughly knows the entire subject matter of the course and can safely apply its content;
- A satisfactory (3) grade is assigned to the student who knows significant portions of the subject matter of the course and is able to apply them with suitable safety;
- A pass (2) grade is assigned to the student who knows the significant parts of the course on a satisfactory level and is able to demonstrate an acceptable level of familiarity in the application of the content of the course;
- A fail (1) grade is assigned to the student who does not command sufficient knowledge and demonstrate skill in applying the practices of his/her chosen field.

What happens at the end of the spring semester next year if you pass ALL your subjects during the course of your 2 semester programme?

- You will get a **credit certificate** (stating all the credits you completed)
- And
- A **certificate of achievement stating your achievement in %** based on the end of year exam in June. The type of certificate depends on whether you pass all the courses or just some, as well as the level of your achievement and the programme you have completed:
 - English: levels below B2 will not be shown in the certificate (such certificates will not be issued)
 - Hungarian: all levels will be shown (B1, B2, C1)
