# Stipendium Hungaricum Mentor Network

AT EÖTVÖS LORÁND UNIVERSITY

# What is the SHMN?

## A network to help the cultural and educational integration

- Was founded by the negotiations between the National Union of Students in Hungary (HÖOK) and the Ministry of Human Capacities
- Financed by the Ministry for Foreign Affairs and Trade
- A well-functioning and constantly improving system since 2019

# Our main goals

## Peer assistance

Our mentors are students of the university, they can use their everyday experience to help the newcomers.

## Organize cultural and touristic events

The SH Mentor Network organizes several activities for the scholarship holders. Each event organized by the Network is free.

## Assist higher educational integration

One of the mentor's main task is to provide reliable information about our accademical system.

## Show Hungary's geographical and historical values

Apart from the bigger programs mentors are highly motivated to show around mentees in Hungary, and let them see it's curiosities.

# Our Mentors

We count over 60 mentors at ELTE, who are mostly scholarshipholders themselves. They have already gone through the kind of challenges what are ahead of the freshmen, so they are completely aware of the possible difficulties.

Mentors are working in pairs. Each mentor pair has around 15 mentees.

From this accademic year ELTE will have Faculty Mentors who are responsible for the given Faculty's mentoring related cases.

**Thank you for your attention!**

***You can still register to be a  
mentee!***
